Th		<b>PHYSICS</b> -Gravity		<b>SPORT</b> -Teamwork -Determination	
Fr	<b>I.C.T</b> -Information -Communication -Technology				<b>CHEMISTRY</b> -Changing states

You also have a purpose here! Take a brilliant photograph but additionally think about the classroom and the teacher. Imagine your photograph being used in the lesson and being part of a display on the wall – as a supporter you will be making a difference in the school by creating valuable learning resources. Every winning photo will be cherished here and in Kabwe.

## The Rules

We invite our UK supporters to enter up to 4 of their own original photographs into any of the 17 categories shown above in red in our mock timetable which is based on the Zambian curriculum.

1. There will be one winner per category. You can enter 1 photo per category and can enter up to 4 categories.
2. Under 16's can enter but should do so via a Parent/Guardian's e-mail address and with the age clearly shown.

There are 2 independent judges plus a FPZ Trustee on the Judging Panel. The panel will be chaired by Reverend Moses Kopa, Headteacher of Family Futures Community School.

**Be part of something special**

Terms & Conditions: You agree by submitting entries that the photos can be used at our school in Kabwe and on FPZ Social Media, our website and future newsletters.
