

Future Pillars
St Valentine's Eve Quiz Night
13 February 7.30pm!

Following our successful virtual quiz in November, join us for a couple of hours and put to one side the serious challenges and worries we continue to face.

On **13th February 7.30pm** you are warmly invited to join our virtual quiz from the comfort and safety of your own home. Via ZOOM, you will face 6 rounds of differing subjects, with 10 questions in each round. This event is in aid of the **FPZ building project fundraising appeal**. You can read more about that below.

What do you have to do to take part?

- Think of a **team name** – no more than 6 adults in a team, but children can also take part.
- Make a **donation** to the appeal page [here](#) . We ask that each team donates a minimum of £5. Please read the details of the appeal and be as generous as you can.
- Assemble your team from family and friends, *adhering strictly to the COVID restrictions that will apply to you on the date of the quiz*. We suggest that, where possible, your team has a range of ages and interests
- The act of making your donation registers you for the quiz. Once you have donated and your team is organised, please **email** trustees@futurepillarszambia.org.uk and provide us with your team name and the phone number that can be used on the evening. We will contact you with all the details required to have a fun evening whilst having your grey cells challenged!
- Ensure you have **2 electronic devices** for the evening - one to access the quiz and one to send in your scores at the end of each round
- If you have any questions about the appeal or the quiz night please contact us.
