

Highcliffe and Bransgore **Methodist Churches**

Dear Friends,

Echoing the words of the apostle Paul writing to the Thessalonian church, "I give thanks to God for you, my brothers and sisters, for your faith is growing abundantly and your love for one another is increasing." Can we say that this is true in our lives today and within our church? Today's sixth and final message in this series, "Jesus builds His renewed Church" is titled, "Jesus warns His Church." He warns because He loves, just as parents warn their children of those things that will harm them - from a deep love and desire for change.

Using the letter to the Laodicean church, from Revelation 3:15-22, Local Preacher Diana Middleditch brings an excellent, insightful and knowledgeable message. Alan Fone reads our text and our music group lead us in worship with, "Come now is the time to worship (Light of the World).

In these six weeks we have been considering the central place that Mission should have in our renewed church and this week we have an interview that brings a helpful summary to the subject. The Bible Study provides additional depth and understanding to the passage and is very kindly written for us by Diana Middleditch.

These resources are produced each week for you to be a full act of worship for those who cannot attend a physical service but also, and importantly, additional and complimentary worship and devotional material for those who can. Be blessed as we use them together to worship God.

Phillip
