

## Highcliffe and Bransgore **Methodist** Churches

Greetings!

Today we celebrate what has become known over years of church tradition as "Trinity Sunday." Coming directly after the Day of Pentecost and the great outpouring of the Holy Spirit onto the early church we, in wonder and awe, worship and give thanks, to and for, God as Father, Son and Spirit, three yet one, perfect in unity. A reality that speaks to us today of our need and desire for unity between Christian brothers and sisters.

Our preacher is the Rev. David Ellis and the preaching notes on the Worship at Home sheets are a collaboration between myself and David. As always, the different resources (video, in-person services, Worship at Home sheets and Bible study) are not different methods of receiving the same material but each contains complementary aspects of the message. My continued hope is that this gives us, in our worship of God, a more complete, deep and memorable message and brings us closer together as a community.

A big thank you to everyone who has participated in the production of these resources and be blessed as we use them to worship and encounter the Living God, Father, Son and Spirit, this day and always.

Phillip
