

Highcliffe and Bransgore **Methodist** Churches

Greetings to friends near and far!

Today we begin an exciting and, I very much hope, fulfilling, four week series centred on the gospel of Mark. Each year the Preachers and Leaders of Worship (LWPT) network joins with the Methodist Church to produce themed resources for Bible Month, four weeks in June of consistent and solid biblical teaching to immerse us in God's Word. This week the title is "Identity" using Mark 2: 1-12.

The video that we send each week serves at least two purposes; it is for those who still cannot attend our in-person gatherings either because of distance or health and it is also, importantly, for those who do attend in person on a Sunday morning and desire to go farther and deeper. The Worship at Home sheets, the video and the in-person service all combine together to give praise and glory to God. My hope is that you find this approach helpful in your Christian discipleship.

My sincere thanks to all those who participate in the production and sending of these resources to you each week. Be blessed as we worship together.

Phillip
