

Highcliffe and Bransgore **Methodist** Churches

My dear friends, both near and far,

Greetings and welcome to the third week in our Bible Month series on Mark's gospel. We use Mark 8: 11-26 and encounter three scenes, each leading to the next, that explain to us what it is to truly see Jesus and the kingdom of God. Three opportunities to place yourself within the text and have your "Eyes Opened."

The Worship at Home sheets that complement and accompany the video contains prayers, additional worship songs and preaching notes and I hope you will find them helpful. This week's Bible study is written for us by Kathy Mathew and whether in a group, with a friend or family member or alone it will take you deeper into the text and, I'm sure, be very helpful to you.

Be mightily blessed as we engage together with these resources to worship God and continue to immerse ourselves in the truth of this incredible gospel.

Your fellow worker for the kingdom,

Phillip
